KIT AERO

P/N KA2010

SUPER MASTER CHARGER

Catégories : Ground Power Unit & Starters, battery chargers, Services and maintenance benches

PRODUCT DESCRIPTION

The intelligent **Super Master Charger** is a precision instrument designed to **charge and analyze** (discharge) Nickel Cadmium, Sealed Lead-Acid and many other types of rechargeable batteries (10A-Hr to 100A-Hr). With its **multiple modes of operation** (Constant Current, Constant Voltage, Peak Charge Modes, Analysis and Deep Cycle Discharge Modes), the Super Master Charger can satisfy the requirements of most rechargeable battery systems. This device is the **most powerful** aviation battery charger/analyzer available on the market today.

TECHNICAL INFORMATION

Applicabilité	H160, H175, H225
ATA	24-00

+33 467 455 564
