KIT AERO

P/N KA1365-DAUPHIN-MGB-AVIO

KIT COUPLING DAUPHIN STORAGE BENCH MGB

Categories: Services and maintenance benches, Hydraulic benches, air cooling & accessories

PRODUCT DESCRIPTION

The connection kit is for usage of MGB Storage Bench (KA1365) in order to connect parts of the kit on aircraft interface location and to the principal pipe of the storage bench.

The kit doesn´t work alone for the maintenance task (fill and drain the MGB for storage) and is only compatible with the storage bench (KA1365).
