

KIT AERO

P/N KA0225

STORAGE CASE FOR BTP CONTROL PARTICLES

Catégories : Testing, measurement and maintenance tools, benches, Fluids test cases (hydraulic, cooling, fuel, etc.)

PRODUCT DESCRIPTION

Box developed in collaboration with Airbus Helicopters for the inspection of the gearbox (BTP). This kit is used to collect, inspect and clean the metal filings from the gearbox. These filings are then stored with the analysis sheet and sent to a laboratory allowing to determine the origin of the unusual wear out.
